EDUCATIONAL OBJECTIVES

As a result of this educational activity, delegates will be able to:

- Address individual needs in compliance with their Continuous Professional Development (CPD) plan.
- Summarize major developments in the field of neurology.
- Describe innovative approaches to neurorehabilitation and its clinical application.
- Examine new trends, techniques, therapies, and diagnostic procedures in neurology.
- Evaluate the disorders of the autonomic nervous system.
- Review current basic clinical practice and technology in the field of neurology.
- Enhance collaboration with the world's scientific experts to advance scientific knowledge about neurology.

TARGET AUDIENCE

WCN 2023 brings together leading scientists, public health experts, and policy-makers to translate recent scientific advances into action. Because of the diverse, clinically focused educational offering, participants are able to tailor the curriculum to meet the needs of international clinicians of all levels of experience. Neurology related to environmental and disaster medicine will also attract many neurologists particularly in rapidly developing countries.

Disclosure and Resolution of Personal Conflicts of Interest

In accordance with CME/CPD accreditation criteria and standards for commercial support to ensure balance, independence, objectivity, and scientific rigor, those in control of the educational content must disclose potential or actual conflicts of interest. Disclosure information is evaluated and conflicts of interest are resolved. Disclosure is made to participants prior to the activity. Participants will be asked on the evaluation to assess the objectivity and independence of the event.
